PROFESSIONAL SUMMARY

Strategic partnerships and commercial growth professional with 7+ years leading cross-border go-to-market and stakeholder engagement across the GCC for APAC technology companies. Directed a \$104K monthly revenue recovery within two months of a regional relaunch, structured 50 commercial partnerships from 100 targeted engagements across Saudi Arabia and the UAE, and led a cross-functional team of five. Native Arabic, fluent English, with direct experience aligning APAC headquarters and GCC regional stakeholders on regulatory and commercial standards.

AI PRODUCTS BUILT (INDEPENDENT)

- **Majlis AI:** AI-powered market-entry advisory platform for Abu Dhabi, built as a three-node AI pipeline with UAE regulatory alignment and Khaleeji cultural-intelligence logic; rated Gold ("hire-ready") by the Kanz AI hackathon programme. Live and published.
- **Accord AI:** AI-powered partnership advisor matching companies to vetted GCC partners; designed the matching logic and independently sourced and structured a self-collected 100-entry partner directory, built end-to-end.
- **Volar AI:** AI companion platform for storytelling and mentorship, currently in development.
